The default setting for minimum recommended usage is 5 sessions per week and 15 minutes per session for a total of 75 minutes per week. If a student's enrollment status is indicated as parttime, the minimum guidelines are updated to 5 sessions per week and 10 minutes per session for a total of 50 minutes per week. Average weekly sessions and minutes on program and minimum recommended usage levels are calculated based on approximately 20 school days per month and do not account for school holidays and days off.
